PERSONAL PROFILE

A self-motivated, confident and hardworking individual who enjoys working within a team or alone using initiative. Enthusiastic about learning skills and gaining various experiences, with a strong foundation in full-stack web development, including hands-on experience with HTML, CSS, JavaScript, React, Node.JS, and AWS Cloud. Seeking a software development position to contribute to the development of innovative web applications and to enhance my skills within a collaborative team environment.

KEY SKILLS

- **Programming Languages:** Python, JavaScript, HTML, CSS
- **Frameworks/Tools:** React, Node.js, Express.js
- **Databases:** MySQL, SQL, NoSQL
- **Cloud Computing:** AWS, Linux Administration
- **Version Control:** Git, GitHub
- **Problem-Solving & Critical Thinking:** Strong analytical and troubleshooting skills
- **Operating Systems:** Windows, Linux
- **Soft Skills:** Excellent time management, adaptability, and teamwork
- **Eagerness to Learn:** Constantly updating my knowledge of modern technologies and methodologies

EDUCATION AND TRAINING

2024 – Present Liberties College, Dublin 8, Co. Dublin
Software Development, Level 5 (Apprenticeship)

- Studied **Software Architecture, Object-Oriented Programming (OOP)**, and **Python programming**
- Built web projects using HTML, CSS and Javascript, gaining hands-on experience in responsive design.
- Learned **Operating Systems** concepts across **Windows** and **Linux** platforms.
- Completed **real-world development projects** applying problem-solving, programming and software design skills.

2023 – 2024 Generation UK & Ireland Dublin, Co. Dublin
Cloud Support Engineer Boot camp programme

- Basic Computing concepts that enable me to effectively troubleshoot issues, optimise system performance, and implement security measures.
- Infrastructure managing and optimising Linux-based infrastructure, demonstrating proficiency in system administration, security implementation, and troubleshooting.
- Growth Mind set, fostering continuous learning, resilience, and adaptability to evolving cloud technologies, ensuring a proactive approach to problem-solving and continuous improvement.

2022-2023 Estacio de Sá, ES-Brazil
Postgraduate Degree - Computer Software Engineering

2017-2022 Unigran EAD, Dublin-Ireland
Bachelor's Degree - Production Engineering

WORK EXPERIENCE

Junior Software Developer - 10-2021 to 09-2024: DFS Technology, Ireland

- Helped build and update web applications using Javascript, HTML, CSS, React and Node.js
- Created user-friendly web pages with responsive design
- Fixed bugs and tested features to make sure everything worked well
- Demonstrated adaptability by quickly learning and applying new technologies to meet projects needs
- Gained hands-on experience in **AWS Cloud Computing**, including working with EC2 instances, S3 storage, and basic networking/security configurations

Self-Study and Upskilling - 2017 – 2021, Ireland

- Pursued extensive self-study in **Cloud Computing** and **Programming Languages** through online courses, bootcamps, and practical projects.

Logistic Technician - 01-2014 to 11-2014: Tintas Iquine, ES-Brazil

- Managed daily deliveries and inventory through WMS ERP system
- Improved procurement and logistics processes, leading to a 10% reduction in errors
- Strengthened customer service through efficient issue resolution

Career Break - 2013 – 2014

- Took a one-year break to prioritize family responsibilities, reinforcing organizational and time-management skills.

Logistic Technician - 01-2012 to 01-2013: Ramos Transportadora, ES-Brazil

- Monitored cargo tracking using ERP Protheus system
- Planned delivery routes, optimized logistics flow, and managed reverse logistics

ADDITIONAL INFORMATION

Certifications:

- **AWS Certified Cloud Practitioner**
- **Web Development Bootcamp** – Udemy
- **Python, HTML/CSS, JavaScript, Databases** – Certiport

Languages:

- Fluent in **English** and **Portuguese**, basic **Spanish**

INTERESTS

- Learning New Technologies, new programming languages and exploring frameworks
- Reading a variety of genres, including technology, its help me stay updated with industry trends
- Gym routine to stay physically healthy and improve my mental focus
